

Grace Christian Academy

Proverbs 22:6

“Training Future Leaders with a Christian Worldview”

Dear Parent,

Thank you so much for your interest in Grace Christian Academy!

In this website you will find the Student Handbook which should answer almost all of your questions: the current tuition schedule, registration fee schedule, available discounts, dress code, and most other information that will help you see the positive benefits of GCA. Elsewhere in this website you will find the information and forms necessary to register your child as a GCA student – a choice you will never regret. If there is anything we missed, please feel free to call me at (913) 268-6363.

Our school is unique in its effective multi-grade classrooms. Learning is introduced and reinforced in ways impossible in large classrooms. Combined with a small student teacher ratio (30 child limit in the school, three classroom teachers), your child will blossom educationally, socially, and spiritually.

It may sound like we are proud of our school, our faculty, and our students . . . we are. Our school sets a high standard in quality Christian education, our three teachers have more than 60 years of combined classroom experience (they love what they do and it shows), and, besides excellent classroom education, our students live and learn public speaking, leadership, caring, and excellence.

Thank you again for allowing us to share our school with you. The more you know, the better we look. I look forward to getting to know you and your child.

May God richly bless,

Phil Ellsworth, Administrator
